A full workplan POS changeover for DORAL is scheduled for completion during May 1997 normal coverage (moved from April to May). Crisp execution of this changeover is essential to continue building a "Big Brand" presence at retail and to cement DORAL's position as the quality leader of the savings segment.

Below are the retail presence objectives for the May DORAL changeover:

1. Replace all existing DORAL workplan POS with new DORAL workplan POS in pack and carton outlets.
2. Create dominant "Big Brand" image by maximizing placement of DORAL POS in prominent and unobstructed positions at retail. (Do not obstruct header cards/transparencies with starburst, wobblers, etc. See Attachment A for example of 9-tray display.)
3. Effectively deliver DORAL's positioning at retail, via printing three different brand messages on channel strips, extended channel strips, and pricing pasters:

"Now in Box"

"America's Best Selling Value Brand"

"Premium Taste, or Your Money Back"

- Each 6-tray, 9-tray, or System III display should feature three different benefit messages.
- Pastors will be printed randomly rotating each of the three messages. Place pasters as normal.

**Additional Information Needed:**

Please order roll dial pricer cards and 6 and 9-tray display side cards by April 14 so they can be changed during normal coverage in May. Roll dial pricer cards are to be placed under the plastic shield of the roll dial pricer. Side cards are to be placed on the outside of each tray on the 6 and 9-tray displays. Order one roll dial pricer card and six side cards per 6 or 9-tray display.

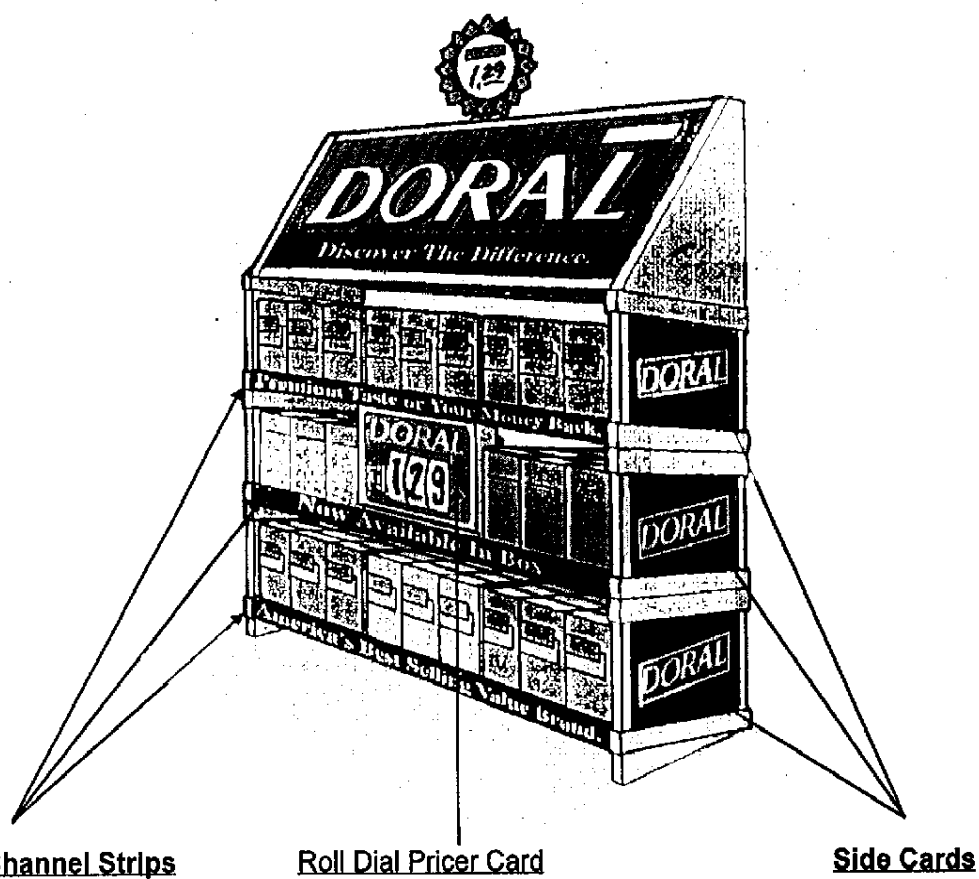

Description	Item #
Roll Dial Pricer Card	530141
6 and 9-Tray Display Side Card	530144

All DORAL POS kits for the May changeover are scheduled to be shipped to Retail Reps the week of 4/14/97. Quantities were based on the information you submitted to your ROU last November (see Attachment B for specific POS item number of individual pieces).
